### Vacation on the lake:

All skippers without „Lake-Constance-Commission“, who want to do a sailing tour on the lake require a vacation commission. Common sailing licenses e.g. offshore licenses will be accepted therefore.

Vacation licenses will be issued by district offices of Constance.

### Sailing vessels with integrated engine

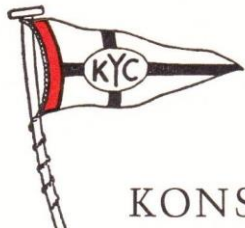

A corresponding registration including boat scrutineering is required.

### Sailing vessels without engine

A simple registration sufficient for sailing vessels without engine.

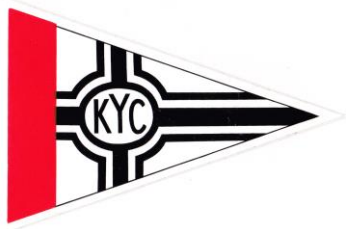

### Questions?

The members of the organization team are willing to support in administrative questions.
